## POLITICAL APPROVAL: Suburban Women, Working Class Voters, and Hispanic Voters

| SUBURBAN <br> WOMEN | WORKING <br> CLASS | HISPANIC <br> VOTERS | ALL VOTERS |
| :---: | :---: | :---: | :---: |

1. Should Congress require able-bodied adults on welfare to work, train, or volunteer at least part-time?

| Yes | $80 \%$ | $76 \%$ | $69 \%$ | $71 \%$ |
| :---: | :---: | :---: | :---: | :---: |
| No | $20 \%$ | $24 \%$ | $31 \%$ | $29 \%$ |

2. Should Congress require welfare agencies to check the eligibility of people on welfare more frequently and with better technology to help ensure those receiving benefits are still eligible?

| Yes | $80 \%$ | $81 \%$ | $73 \%$ | $75 \%$ |
| :---: | :---: | :---: | :---: | :---: |
| No | $20 \%$ | $19 \%$ | $27 \%$ | $25 \%$ |

3. In 2019 , the federal deficit was $\$ 980$ billion. New congressional COVID-19 spending has nearly tripled that amount to $\$ 2.8$ trillion. Should Congress limit federal spending to return to pre-COVID-19 levels?

| Yes | $63 \%$ | $65 \%$ | $54 \%$ | $58 \%$ |
| :--- | :--- | :--- | :--- | :--- |
| No | $37 \%$ | $35 \%$ | $46 \%$ | $42 \%$ |

4. Should a federal bureaucratic agency be required to get congressional approval for any rule change costing $\$ 100$ million or more before it is allowed to go into effect?

| Yes | $76 \%$ | $74 \%$ | $61 \%$ | $70 \%$ |
| :---: | :---: | :---: | :---: | :---: |
| No | $24 \%$ | $26 \%$ | $39 \%$ | $30 \%$ |

5. Should Congress require high schools to inform students about the average costs of college programs and student loans, availability of non-college career options, and the most in-demand jobs?

| Yes | $85 \%$ | $85 \%$ | $82 \%$ | $79 \%$ |
| :--- | :--- | :--- | :--- | :--- |
| No | $15 \%$ | $15 \%$ | $18 \%$ | $21 \%$ |

| SUBURBAN <br> WOMEN | WORKING <br> CLASS | HISPANIC <br> VOTERS | ALL VOTERS |
| :---: | :---: | :---: | :---: |

6. Should Congress require publicly funded colleges, universities, and job training programs to disclose enrollee completion rates, average incomes, and average student debt?

| Yes | $72 \%$ | $73 \%$ | $69 \%$ | $59 \%$ |
| :--- | :--- | :--- | :--- | :--- |
| No | $28 \%$ | $27 \%$ | $31 \%$ | $41 \%$ |

7. Should Congress provide more flexibility for states and students to use existing federal education funding for career and technical training?

| Yes | $82 \%$ | $84 \%$ | $82 \%$ | $74 \%$ |
| :--- | :---: | :---: | :---: | :---: |
| No | $18 \%$ | $16 \%$ | $18 \%$ | $26 \%$ |

8. Should Congress provide more flexibility to states and students to use existing federal workforce funding for apprenticeships and on-the-job training programs?

| Yes | $81 \%$ | $84 \%$ | $78 \%$ | $72 \%$ |
| :--- | :---: | :---: | :---: | :---: |
| No | $19 \%$ | $16 \%$ | $22 \%$ | $28 \%$ |

9. Should Congress update employment laws to protect flexible work, independent contracting, and selfemployment?

| Yes | $75 \%$ | $76 \%$ | $70 \%$ | $72 \%$ |
| :--- | :--- | :--- | :--- | :--- |
| No | $25 \%$ | $24 \%$ | $30 \%$ | $28 \%$ |

10. Should Congress increase domestic energy production and reopen work on the Keystone Pipeline and other domestic energy projects?
$\left.\begin{array}{|l|l|l|l|l|l|}\hline \text { Yes } & 67 \% & 69 \% & 63 \% & 70 \% \\ \hline \text { No } & 33 \% & 31 \% & 37 \% & 30 \% \\ \hline\end{array} \begin{array}{l}\text { 11. Would you support efforts to achieve U.S. energy independence that included increasing domestic oil } \\ \text { and gas exploration? }\end{array}\right]$
11. Would you support reopening work on the Keystone XL oil pipeline to increase domestic fuel production?

| Yes | $66 \%$ | $68 \%$ | $58 \%$ | - |
| :--- | :---: | :---: | :---: | :---: |
| No | $34 \%$ | $32 \%$ | $42 \%$ | - |

13. Would you support increasing offshore oil drilling to increase domestic energy production?

## Question 1

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 503 likely voters.
The surveys were conducted March 18-20, 2022. The margin of sampling error is plus or minus 4.37 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 2

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 510 likely voters.
The surveys were conducted March 17-19, 2022. The margin of sampling error is plus or minus 4.34 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 3

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 516 likely voters.
The surveys were conducted March 18-20, 2022. The margin of sampling error is plus or minus 4.31 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 4

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 508 likely voters.
The surveys were conducted March 16-18, 2022. The margin of sampling error is plus or minus 4.35 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 5

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 505 likely voters.
The surveys were conducted March 18-20, 2022. The margin of sampling error is plus or minus 4.36 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 6

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 510 likely voters.
The surveys were conducted March 18-20, 2022. The margin of sampling error is plus or minus 4.34 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Questions 7-8

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 530 likely voters.
The surveys were conducted March 18-20, 2022. The margin of sampling error is plus or minus 4.26 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 9

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 505 likely voters.
The surveys were conducted March 17-19, 2022. The margin of sampling error is plus or minus 4.36 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

## Question 10

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 511 likely voters.
The surveys were conducted March 17-19, 2022. The margin of sampling error is plus or minus 4.34 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

[^1]
[^0]:    Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 514 likely voters.
    The surveys were conducted March 16-18, 2022. The margin of sampling error is plus or minus 4.32 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

[^1]:    Data for all survey research were collected by Cor Services, Inc.
    Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation.

    Data was sampled using weighted demographic information from the U.S. Census Bureau's Current Population Survey Voting and Registration Supplement and the state election authorities. Demographic information for actual voters in past elections were used to construct sample target weights.
    The Foundation for Government Accountability paid for all costs associated with this survey.
